John Robinson - Secretary
Omaira Perry - Treasure
Rizk Saad - Member-at-Large
Brandon Wahl - Manager

Welcome Joice

Please welcome our newest member of the Oka Towers family, Joice Robert.

Hazardous Household Trash Disposal

Over the past couple of months there have been a number of items placed downstairs for disposal that our service provider does not take away. Some of these items include televisions, bicycles, car batteries, microwave ovens, and other appliances. Unfortunately it is not always clear what to do with these items.

Recently a Hazardous Household Waste (HHW) facility was opened in the Harmon Industrial Park to take these types of items. The facility is open from Thursday through Monday from 9:00am to 5:00: closed Tuesday and Wednesday.

More information can be found at their website:
<http://www.guamsolidwasteauthority.com/gswa-residential-hhw.shtml>

Typhoon Safety

This year Guam has seen one typhoon and several near misses. Oka Towers would like to remind everyone to be Typhoon prepared at all times.

Oka Towers does have a partial backup generator, as well as its' own water pump station to supply the building. In addition is it recommended to have a supply of drinking water and food on hand. Current weather information can be found at:

<http://www.prh.noaa.gov/guam/>
<http://ghs.guam.gov/typhoons>.

Now Open - The Recreation Room

The recreation room located on the basement level is now open for all residents to use. The regulation size pool table is perfect for playing a game of 8-ball, while watching the game on two flat screen TVs.
